

DEVOLD® TOTAL

LENZING FR® WOOL BLEND UNDERWEAR

DEVOLD® TOTAL - a robust underwear that offers good protection against cold and flames. The garments are made from a rib knitted fabric consisting of 50 % wool and 50 % Lenzing FR® – a flame retardant fibre. Devold® Total is flame retardant and do not melt. The underwear has a good fit and dries on your body. Devold® Total holds all certificates and approvals, and suits for fire brigades, electric power plants, offshore and industry. Balaclava model 817 is approved according to EN 13911. Devold® Total is Super Wash treated to reduce shrinkage, and is machine washable.
