

### The simple solution for attaching chemical gloves to coveralls.

- Innovative design utilising the latest polymer technology
- Creates a liquid tight seal between glove and cuff
- Consistent and reliable alternative to taping
- Quick and easy fit - improves productivity
- Works with a wide variety of chemical glove thicknesses
- Ribbed cone and collar for secure attachment
- AlphaTec® - Advanced Chemical Protection

#### Industries

- Chemical
- Agriculture
- Construction
- Food Processing
- Life Sciences
- Oil and gas
- Emergency Medical Services

#### Applications

- Contaminated Environments
- Chemical Handling
- Filling, blending and charging of raw materials
- Transferring liquids and solids
- Opening and draining pumps valves or lines
- Loading and unloading of process equipment
- Raw material sample collection
- Concentration mixing and palletisation
- Hazmat response
- Assembly and disassembly of large pipes

### PRODUCT INFORMATION

<b>Design Features</b>	Innovative design utilising the latest polymer technology. Works with a wide variety of chemical glove thicknesses. Ribbed cone and collar for secure attachment.
<b>Standards Overview</b>	Tested in accordance with ISO 17491-3:2008 - Determination of resistance to penetration by a jet of liquid (jet test)
<b>Product Reference</b>	Glove Connector
